

Train your key people in Lean Job Shop techniques

MSA41108 Certificate IV in Competitive Manufacturing (Job Shops)

Participants completing the Certificate IV in Competitive Manufacturing — Job Shop Stream will be able to lead and facilitate Continuous Improvement concepts in a jobbing shop environment.

You will undertake a series of workplace projects where you will be responsible for the implementation of workplace improvements in your work processes.

These projects will help improve the level of quality, cost, delivery, safety and productivity by challenging existing processes and cultures to develop a “High Performance Workplace”.

Suggested Units of Competency (In-house programs can be customised to suit your needs)

- MSACMT231A Interpret product costs (lean wastes)
- MASCMT240A Apply 5S
- MSACMT440A Lead 5S
- MSACMT620A Develop quick changeover procedures
- MSACMT483A Support proactive maintenance
- MSAPMSUP390A Use structured problem solving tools
- MSACMS401A Ensure process Improvements are sustained
- MSACMC410A Lead change in a manufacturing environment
- MSACMC413A Lead team culture improvement
- MSACMT441A Facilitate continuous improvement in manufacturing

Training incentives of \$4,000 may be available to employers for each eligible staff member.
