

Is your business innovative enough to thrive in the Innovation Age?

Your capacity to innovate will determine the success of your organisation.

This workshop series is for you if you would like to....

- ✓ Make your business more innovative, sustainable and responsive to market forces
- ✓ Equip key people in your business with cutting edge processes and innovation frameworks
- ✓ Receive an innovation toolkit of checklists and questionnaires to conduct your own innovation audit
- ✓ Identify your innovation inhibitors and eliminate them
- ✓ Create a climate of innovation in your workplace
- ✓ Learn some great creative problem solving techniques to feed innovation
- ✓ Implement an innovation action plan to move your business forward
- ✓ Find out how successful innovative enterprises do it
- ✓ Get a 'heads up' on some of the cutting edge innovations around the world
- ✓ Network with other SMEs

Supported by *Enterprise Connect* of the *Department of Innovation, Industry, Science and Research* in collaboration with *Innovation Edge*, these workshops are designed to give you practical strategies, tools and methodologies to kick start and sustain innovation in your organisation.

Who are the innovation drivers in your organisation? Send two of them along to the workshops in your area.

Market value for these workshops is \$1000/head. The only cost to you is a contribution towards the catering. Don't miss this rare opportunity!! Places limited so book early.

You get:

- ✓ Innovators tool kit and workshop manual
- ✓ Interactive workshop
- ✓ Networking opportunities
